Thanks Mike. We will review and let you know if we have any questions.

Should we also expect more comments on the Phase I Data Summary Report?

Mike,

Please see the attached comments on the revised SLERA. In general, the original comments were addressed adequately. I have some comments for consideration moving forward and some that result in changes to the document as detailed in the attachment. I am available to discuss if that would be helpful.

Thank you,  
Erin
